Mission:

Longmont Community Justice Project (LCJP) builds community through collaborative and inclusive restorative practices and gives people the opportunity to heal and create justice in their community and the world.

Impact:

LCJP offers our community an alternative to the frequently punitive criminal justice system. Instead of being charged for their crimes, individuals are given a chance to take responsibility, repair the harms, AND avoid life-altering consequences. Our programs have proven to make a lasting impact on individuals and the community, with a recidivism rate of less than 10%.

Each year LCJP provides over 50 people access to responsibility and repair rather than incarceration. We consistently train School Resource Officers, Teachers and Staff in Saint Vrain Valley School District to utilize restorative practices to build stronger cultures in their school to prevent suspension, bullying and fighting. This work reaches over 4,000 students in middle and high school in SVVSD.

Org Reach:

- 150 volunteers with 3500 volunteer hours each year
- 6,000+ people on our email list
- 1,000+ social media followers
- 250+ website visits per month

Love & Justice Event:

Our annual fundraising event brings together over 170 community members and business leaders to support our mission to keep youth out of incarceration. The event will include inspiring stories of our work in the Longmont community, while giving an opportunity for our community to invest in the future and growth of LCJP. Your sponsorship will help underwrite the cost of the event and raise funds to help us support members of community in building meaningful relationships instead of receiving criminal charges.
